About the Editors ................................................................. vii
About the Contributors ....................................................... ix
Table of Chapters ................................................................. xv
Foreword .................................................................................... xxxix

Eric B. Evans, Michael D. Battaglia, James Ancone & Oral Pottinger

§ 1:1 Introduction ....................................................................... 1-2
§ 1:2 The 2015 E-Discovery Amendments ............................... 1-6
  § 1:2.1 Background ............................................................. 1-6
  § 1:2.2 Cooperation ......................................................... 1-6
  § 1:2.3 Scope and Proportionality ..................................... 1-7
  § 1:2.4 Failure to Preserve ESI .......................................... 1-7
  § 1:2.5 Other Discovery Rules .......................................... 1-8
    [A] Early Permissible Document Requests .................... 1-8
    [B] Promotion of Early Case Management ................. 1-8
    [C] Objection with Specificity .................................... 1-9
§ 1:3 The 2006 E-Discovery Amendments ............................... 1-9
  § 1:3.1 Background .......................................................... 1-9
  § 1:3.2 Preservation and the Amendments ....................... 1-11
  § 1:3.3 Discovery of Electronically Stored Information ..... 1-14
  § 1:3.4 Scope of Party-Managed Discovery: Inaccessible Sources of Information ..................... 1-17
  § 1:3.5 Discovery Management: Early Attention to Contentious Issues ...................................... 1-20
  § 1:3.6 Discovery Management: Forms and Formats of Production ........................................... 1-22
  § 1:3.7 Sanctions Practice: Limitations for Routine, Good Faith Losses ............................ 1-23
  § 1:3.8 Other Discovery Rules .......................................... 1-26

(E-Discovery, 3rd ed., 11/16) xvi
Chapter 2  Information Management Policies and Procedures

Kim Leffert & Michael Bornhorst

§ 2:1 Introduction .......................................................... 2-3
§ 2:2 Managing Data Systems to Anticipate Litigation ........ 2-4
  § 2:2.1 Internal Witness Preparation ............................. 2-4
  [A] Questions About Email Storage .............................. 2-5
  [B] Questions About Laptops ...................................... 2-6
  [C] Questions About Desktops .................................... 2-7
  [D] Questions About Procedures for Retaining Data for Departing Employees ........................................ 2-8
  [F] Questions About Home Computers .......................... 2-9
  [G] Questions About Portable Media ............................ 2-10
  [H] Questions About Handheld Devices ........................ 2-10
  [I] Questions About Internet and Intranet Usage and Social Media ...................................................... 2-11
  [J] Questions About Web Meetings and Collaboration Tools .............................................................. 2-12
  [K] Questions About Backup Systems ......................... 2-12
  [L] Questions About Preservation ............................... 2-14
  [M] Questions About Collection .................................. 2-15
  [N] Questions About Group (Shared) Network Drives .......................................................... 2-16
  [O] Questions About Structured Databases .................... 2-17
§ 2:2.2 Data Source Catalogs .......................................... 2-18
§ 2:3 Records Management Policy ..................................... 2-20
  § 2:3.1 Email and Other Communication ........................ 2-20
  § 2:3.2 Disaster Recovery Data ..................................... 2-24
  [A] Implementing a Retention Plan .............................. 2-26
  [B] Consideration of Relevant Regulations .................... 2-27
Table of Contents

[C] Regular Recycling and Destruction ........................................... 2-27
[D] Dealing with Litigation Holds ................................................. 2-28
§ 2:3.3 Databases ............................................................................. 2-30
§ 2:3.4 Data Privacy ......................................................................... 2-31
§ 2:4 Remediation of Legacy Data .................................................. 2-33
   § 2:4.1 Nature of Legacy Data ....................................................... 2-33
   § 2:4.2 Costs and Risks Associated with Legacy Data ............... 2-33
      [A] Costs and Risks of Storage and Data Management .......... 2-34
      [B] Costs and Risks of Disclosure ........................................... 2-34
      [C] Costs and Risks of Production ......................................... 2-35
   § 2:4.3 Remediation Prerequisites ............................................... 2-35
   § 2:4.4 Measuring Success of Remediation ............................... 2-36
      [A] Litigation Holds Management System ............................. 2-36
      [B] Legacy Data Maintenance ................................................ 2-36
   § 2:4.5 Remediation of Different Types of Data ......................... 2-37
      [A] Centralized Data .............................................................. 2-37
      [A][1] Matter-Specific Data ....................................................... 2-37
      [A][2] Custodian-Level Data .................................................... 2-38
      [A][3] Organizational-Level Data .......................................... 2-38
      [B] Noncentralized Data ......................................................... 2-39
   § 2:4.6 Legal Standard for Knowledge About Legacy Data .......... 2-39
   § 2:4.7 Remediation of Backup Tapes ........................................... 2-42
      [A] Objectives ......................................................................... 2-42
      [B] Steps ............................................................................... 2-43
         [B][1] Gather Information ....................................................... 2-44
         [B][1][a] Tapes and Systems ............................................... 2-44
         [B][1][b] Holds ................................................................. 2-45
         [B][2] Conduct a Backup Tape Sweep ................................. 2-46
         [B][3] Create a Taxonomy of Backup Tapes and Holds .......... 2-46
         [B][5] Exclusion and Inclusion of Tapes or Tape Sets ......... 2-47
      [C] Results of the Inclusion-and-Exclusion Process ............... 2-48
      [D] Resumption of Recycling of Daily Backup Tapes .......... 2-49
   § 2:4.8 Remediation of Accumulated Images of Hard Drives and Other Custodian-Level Data ........ 2-50
   § 2:4.9 Remediation of Legacy Data in Possession of Employees .......................... 2-51
      [A] Challenges ...................................................................... 2-51
      [B] Approaches ..................................................................... 2-52
         [B][1] Centralization ............................................................ 2-52

(E-Discovery, 3rd ed., 11/16) xix
[B][2] Data Remediation by Personnel ........................... 2-53
[B][3] Office-by-Office, Person-by-Person Remediation ......................................................... 2-53
[B][4] Exclusion of Personnel Data from Any Remediation Project ............................................. 2-54
§ 2:5 Trends........................................................................... 2-54
§ 2:5.1 Managing Risks of Deletion of ESI......................... 2-54
§ 2:5.2 Requiring Investment in Technology ...................... 2-58
§ 2:5.3 Internal Social Media Policies................................. 2-59

Chapter 3  Litigation Management Policies and Procedures
Kim Leffert & Corwin Carr
§ 3:1 Introduction.................................................................... 3-2
§ 3:2 Legal Department Role ................................................... 3-2
§ 3:2.1 Overview ................................................................... 3-2
§ 3:2.2 Managing Risk.......................................................... 3-3
§ 3:2.3 Achieving a Reasonable, Good Faith Approach to Preservation........................................... 3-5
§ 3:3 Corporate Policies........................................................... 3-7
§ 3:3.1 Confidential Information.......................................... 3-7
§ 3:3.2 Attorney-Client Privilege and Work Product Doctrine.......................................................... 3-10
§ 3:3.3 Preservation ............................................................ 3-12
§ 3:3.4 Collection ............................................................... 3-13
§ 3:3.5 Review and Production ........................................... 3-14
§ 3:4 Litigation Holds............................................................ 3-16
§ 3:4.1 Timing .................................................................... 3-17
§ 3:4.2 Process for Issuing a Hold ...................................... 3-18
§ 3:4.3 Scope of the Hold ................................................... 3-19
§ 3:5 Corporate Compliance.................................................. 3-20
§ 3:5.1 Employee Training .................................................. 3-20
§ 3:5.2 Monitoring and Updating....................................... 3-21
§ 3:5.3 Integration of Outside Counsel and E-Discovery Vendors ............................................... 3-21

Chapter 4  Preservation Obligations
Jason I. Kirschner, Noah Liben & Patrick Garbe
§ 4:1 Introduction.............................................................. 4-4
§ 4:2 Boundaries of the Duty to Preserve ......................... 4-4
§ 4:2.1 Triggering of Preservation Obligations............... 4-5
[A] Notice of the Duty to Preserve ................................. 4-6
Table of Contents

[B] Reasonably Anticipated Future Litigation .................. 4-7
[B][1] “Potential” Versus “Anticipated” Litigation ........... 4-7
[B][2] Factors That May Trigger a Duty to Preserve ...... 4-10
[B][2][a] Fear of Future Litigation .............................. 4-10
[B][2][b] Retention of Counsel or Other Experts ............ 4-11
[B][2][c] Notice of Conduct Underlying a Potential Claim .... 4-12
[B][2][d] Litigation Has Become Commonplace Under Similar Circumstances 4-14
[C] Best Practices for Determining the Triggering of an Obligation .............................................. 4-14
[C][1] Develop Information About the Organization’s Exposure to Typical Triggering Events .............................. 4-15
[C][2] Develop a Process for the Notification of In-House Counsel of Triggering Events ....................... 4-15
[C][3] Take Steps to Analyze Costs and Risks to Organization ............................................................... 4-15

§ 4:2.2 Scope of Preservation Obligations ....................... 4-16
[A] Types of ESI That Must Be Preserved ..................... 4-18
[B] Identifying Sources of ESI Likely to Contain Discoverable Information ............................................ 4-22
[B][1] Accessible Versus Inaccessible Data ................. 4-24
[B][2] Routine Operations .............................................. 4-28
[B][3] Email ............................................................... 4-30
[B][4] Handheld Devices ............................................. 4-31
[B][5] Websites ......................................................... 4-32
[B][6] Group/Shared Drives .......................................... 4-32
[B][7] Determining Key Players and Relevant Time Frames ................................................................. 4-33
[B][8] Former Employees ............................................. 4-34
[B][9] Custodians’ Personal Data .................................. 4-35
[B][10] Data Sources Frequently Relevant in Similar Litigations ......................................................... 4-36
[C] Raising Preservation Issues ..................................... 4-38

§ 4:2.3 Search Technology ............................................. 4-39
§ 4:2.4 Form of Preservation ............................................. 4-40
§ 4:2.5 Methods of Preservation ....................................... 4-43
[A] Manual Copy .......................................................... 4-43
[B] Active Data Copy ..................................................... 4-44
[C] Forensic Image Process .......................................... 4-44
[D] End-User-Driven Process ........................................... 4-45
[E] Supervised Tape Archive Process ............................ 4-45
[F] Records Management ............................................. 4-45
[G] Individual Computer Backup .................................... 4-46

(E-Discovery, 3rd ed., 11/16) xxxi
§ 4:3 Types of ESI ................................................................. 4-46
§ 4:3.1 Voice Mail ............................................................... 4-46
[A] Discoverability ......................................................... 4-46
[B] Best Practices for Preservation .............................. 4-47
§ 4:3.2 Instant Messaging .................................................. 4-48
[B] How Does Instant Messaging Work? ....................... 4-49
[C] Expansion into the Corporate World .................... 4-50
[D] Treatment of Instant Messaging in Discovery ....... 4-51
[D][1] Discoverability ...................................................... 4-51
[D][2] Duty to Preserve .................................................. 4-52
[D][3] Regulatory Guidance ........................................... 4-54
[D][4] Practical Considerations ................................. 4-54
[E] Best Practices for Preserving Instant Messages ...... 4-54
[E][1] Evaluate Need for an IM System ......................... 4-55
[E][2] Install Corporate IM System and
Prohibit Use of Public IM .................................... 4-55
[E][3] Establish a General IM Policy ......................... 4-55
§ 4:3.3 Backup Media ......................................................... 4-56
[A] The Nature of Backup Tapes and Their
Limitations in Discovery ........................................ 4-57
[B] Duty to Preserve ..................................................... 4-60
[B][1] Common Law Preservation Obligation ............... 4-60
[B][2] Application of Preservation Duty to
Backup Tapes ........................................................ 4-60
[C] Best Practices for Preserving Backup Media ............ 4-64
[C][1] Obtain Comprehensive Understanding of
Disaster Recovery Systems ...................................... 4-64
[C][2] Develop Policies and Procedures for Backup Media, Including Preservation Guidelines ....... 4-65
[C][3] Object to, and Consult About, Preservation of Backup Data As Soon As Practicable ........... 4-65
[C][4] Develop Standard Disclosure Documents .......... 4-66
§ 4:3.4 Hard Drives and Images of Hard Drives .......... 4-67
[A] Mirror Imaging ........................................................ 4-67
[B] Demands for Mirror Imaging ................................. 4-68
[C] Best Practices .......................................................... 4-70
[C][1] Develop and Follow Guidelines for When to
Preserve Hard Drives or Take Images ........................ 4-70
[C][2] Develop a Process for Managing Hard Drives and Images ........................................... 4-70
§ 4:3.5 Data in Dynamic or Transitory Systems .......... 4-71
[A] Preserving Dynamic Data ........................................ 4-71
[B] Best Practices .......................................................... 4-72
Table of Contents

[B][1] Obtain Comprehensive Understanding of Relevant Systems ............................................. 4-72
[B][2] Develop and Follow Guidelines for When to Preserve Data ............................................. 4-72
[B][3] Deal with the Preservation of Data from Dynamic and Transitory Systems As Soon As Practicable ....................................................... 4-72
[B][4] Develop Standard Disclosure Documents Regarding Data from Dynamic and Transitory Systems ................................................................ 4-73

§ 4:3.6 Legacy Data ......................................................................................................................... 4-73
[A] Preservation .......................................................................................................................... 4-73
[B] Best Practices ......................................................................................................................... 4-74

§ 4:3.7 Emerging Technologies: Social Networking and Other Web-Based Technologies .................. 4-74
[A] The Next Generation of ESI .................................................................................................. 4-74
[B] Examples of Emerging Technologies ................................................................................... 4-75
[B][1] Social Networking and Video-Sharing Sites ....................................................................... 4-75
[B][2] Web-Based Collaboration Applications ............................................................................. 4-76
[B][3] Cloud Computing ............................................................................................................. 4-76
[C] Emerging Technologies in Discovery .................................................................................... 4-77
[D] Best Practices for Preservation .............................................................................................. 4-78
[D][1] Understand How Emerging Technologies Are Used .......................................................... 4-78
[D][2] Evaluate the Business Need .............................................................................................. 4-78
[D][3] Educate Employees ........................................................................................................... 4-79
[D][4] Establish Policies Regarding the Use of Web-Based Technologies ..................................... 4-79
[D][5] Include Emerging Technologies in Legal Hold Notices .................................................. 4-79
[D][6] Negotiate Contractual Agreements with Cloud Computing Providers .............................. 4-79
[D][7] Develop Procedures for Capturing Web-Based or Third-Party Hosted Data ...................... 4-80
[D][8] Audit Compliance with Policies .......................................................................................... 4-80

§ 4:4 Legal Holds ............................................................................................................................ 4-80
§ 4:4.1 Executing Legal Holds ..................................................................................................... 4-81
[A] Contents of Preservation Notice ............................................................................................ 4-83
[B] Recipients of Preservation Notice ......................................................................................... 4-84
[C] Auditing Compliance with Preservation Notice ...................................................................... 4-85
[D] Best Practices ......................................................................................................................... 4-86

§ 4:4.2 Evergreen Holds ................................................................................................................ 4-87
[A] Determining Whether an Evergreen Hold Is Necessary .......................................................... 4-87
Chapter 5  Managing the Meet-and-Confer Process

Jarman D. Russell & Patrick Garbe

§ 5:1  Introduction................................................................. 5-1

§ 5:2  Responsibilities of Counsel.............................................. 5-4

§ 5:2.1  Outside Counsel’s Responsibility................................. 5-4

§ 5:2.2  Relationship Between In-House and Outside Counsel........ 5-9

§ 5:2.3  Best Practices in Preparing for a Meet and Confer............ 5-12

§ 5:3  Key Issues for Discussion................................................ 5-15

§ 5:3.1  Use of Search Terms and Advanced Search Technology.... 5-17

§ 5:3.2  Privilege Protocols...................................................... 5-20

[A]  Clawback Agreements....................................................... 5-24

[B]  Quick-Peek Agreements.................................................... 5-25

[C]  Use of Search Terms or Data Analytics............................... 5-25

[D]  Privilege Logs ............................................................... 5-25

[E]  Privilege and Metadata Review......................................... 5-29

§ 5:3.3  Form of Production..................................................... 5-30

§ 5:3.4  Preservation............................................................... 5-34

§ 5:3.5  Metadata................................................................. 5-40

§ 5:4  Direct Access............................................................... 5-44

§ 5:5  Identification Requirements............................................ 5-47

§ 5:6  Inaccessible Sources..................................................... 5-49

§ 5:7  Initial Disclosures....................................................... 5-54

Chapter 6  Collection of Electronically Stored Information

Michael E. Lackey, Ethan A. Hastert,
Meytal McCoy & Oral Pottinger

§ 6:1  Introduction................................................................. 6-2

§ 6:2  Legal Requirements...................................................... 6-2

§ 6:2.1  Meeting Discovery Obligations..................................... 6-3

§ 6:2.2  Overcoming Claims of Under-Collection......................... 6-6

§ 6:2.3  Ensuring the Admissibility of Collected ESI..................... 6-8

§ 6:3  Overview of the Collection Process................................. 6-10
§ 6:3.1 Who Should Collect? .............................................. 6-11
§ 6:3.2 What Should Be Collected?..................................... 6-11
§ 6:3.3 When Should Collection Occur? ............................ 6-12
§ 6:3.4 Where Should the Collection Team Look for Relevant ESI? .......................................................... 6-13
§ 6:4 Basic Collection Process ............................................... 6-14
§ 6:4.1 Locating Relevant Files ........................................... 6-14
[A] Overview of Automated Search Methods ............... 6-16
[B] Choosing a Search Method ..................................... 6-18
[C] Designing the Query ............................................... 6-19
§ 6:4.2 Common Data Types.............................................. 6-21
[A] Basic Data Files ...................................................... 6-21
[B] Email Journaling ..................................................... 6-22
[C] Instant Message Logging ......................................... 6-22
[D] Application Metadata and Version Control ........... 6-23
[E] Databases ................................................................ 6-24
§ 6:4.3 Handling Identical and Distinct Files ..................... 6-26
§ 6:4.4 Storing Collected ESI .............................................. 6-27
§ 6:5 Challenges to Collection............................................... 6-28
§ 6:5.1 Privacy Concerns .................................................... 6-28
§ 6:5.2 Reasonable Accessibility.......................................... 6-30
[A] Active, Online Data ................................................ 6-32
[B] Near-Line Data ....................................................... 6-34
[C] Offline Storage and Archives .................................. 6-34
[D] Backup Tapes .......................................................... 6-36
[E] Erased, Fragmented, or Damaged Data................... 6-38
§ 6:5.3 Unsearchable Data.................................................. 6-40
[A] Nontextual Data ..................................................... 6-40
[B] Unknown and Unsupported File Types .................. 6-42
[C] Compressed and Encrypted Files ............................ 6-42
[D] Corrupt Files ........................................................... 6-43

Chapter 7  Review and Production of Electronically Stored Information

Michael E. Lackey, Michael D. Battaglia & Patrick Garbe

§ 7:1 Introduction................................................................. 7-2
§ 7:2 Review Application Options ....................................... 7-3
§ 7:2.1 Pre-Review Considerations .................................... 7-3
§ 7:2.2 Selecting a Review Tool ........................................ 7-4
§ 7:2.3 Technology-Assisted Review and Predictive Coding ................................................................. 7-5
§ 7:2.4 Managing Costs ........................................................ 7-8
§ 7:3  Requests for Production and Responses........................ 7-11
§ 7:3.1  Requests for Production........................................ 7-11
[A]  The 2006 Amendments........................................... 7-12
[B]  The 2015 Amendments........................................... 7-14
[C]  Drafting the Request............................................ 7-15
§ 7:3.2  Responses....................................................... 7-17
[A]  Applicable Rules................................................. 7-17
[B]  Best Practices .................................................... 7-22
§ 7:4  Preemptive Court Access ........................................ 7-23
§ 7:4.1  The Federal Rules............................................. 7-23
§ 7:4.2  Early Preservation Orders................................. 7-25
§ 7:4.3  Letter Requests and Expedited Discovery............. 7-30
§ 7:4.4  Ex Parte Orders................................................ 7-31
§ 7:5  Cost-Shifting and Allocation.................................... 7-33
§ 7:5.1  Rule 26............................................................ 7-33
§ 7:5.2  The Zubulake and McPeek Tests............................ 7-34
§ 7:5.3  Cost-Shifting Trends......................................... 7-36
§ 7:5.4  Award of Costs for E-Discovery Under Rule 54(d)(1) and 28 U.S.C. § 1920(4).............. 7-40
§ 7:5.5  Best Practices .................................................. 7-42
§ 7:6  Privilege and Work Product Review............................ 7-44
§ 7:6.1  Pre-Review Preparation....................................... 7-45
[A]  ESI Collection....................................................... 7-46
[B]  Privilege Review Work Flow.................................... 7-46
§ 7:6.2  Defining the Privilege......................................... 7-48
[A]  Attorney-Client Privilege....................................... 7-48
[B]  Work Product Doctrine.......................................... 7-51
§ 7:6.3  Privilege Log..................................................... 7-51
§ 7:6.4  Waiver............................................................. 7-53
§ 7:7  Form of Production................................................ 7-56
§ 7:8  Production of ESI to Multiple Parties,
      Including Public Entities...................................... 7-59
§ 7:8.1  Applicable Rules............................................... 7-59
§ 7:8.2  Risks............................................................... 7-60
§ 7:8.3  Selective Waiver Doctrine.................................. 7-62
§ 7:8.4  Centralization and Continued Retention.................. 7-67
§ 7:8.5  Production Protocol........................................... 7-68
§ 7:9  Expedited and Time-Sensitive Reviews........................ 7-69
§ 7:9.1  Preliminary Assessment...................................... 7-69
§ 7:9.2  Selecting a Review Option.................................. 7-70
§ 7:9.3  Review Phase................................................... 7-70
[A]  Meet with Integrated Review Team............................. 7-70
[B]  Meet with Electronic Vendor................................... 7-71
[C]  Establish a Quality Control Procedure....................... 7-71
§ 7:9.4  Production Phase............................................... 7-72
Chapter 8  Third-Party Practice

Eric B. Evans, Michael D. Battaglia, B. Clayton McCraw & Jarman D. Russell

§ 8:1  Introduction ........................................................................ 8-2
§ 8:2  Preservation Obligations of a Third Party ....................... 8-3
  § 8:2.1  The Obligation Is Limited ......................................... 8-3
  § 8:2.2  Triggering the Obligation ........................................... 8-5
  § 8:2.3  Scope of the Obligation ............................................ 8-6
§ 8:3  Production Obligations of a Third Party ......................... 8-8
  § 8:3.1  Rule 45 and Requests for Production of ESI ............. 8-8
  § 8:3.2  Third-Party Production of ESI and Cost-Shifting ....... 8-12
§ 8:4  Lifting Legal Holds for Third-Party Subpoenas ............. 8-17
§ 8:5  Best Practices ............................................................... 8-18
  § 8:5.1  Best Practices for Third Parties Subject to Subpoena... 8-18
    [A]  Consider Whether the Organization Will
    Become a Party to the Litigation ................................... 8-18
    [B]  Raise Objections Quickly ........................................ 8-19
    [C]  Act Promptly to Comply with the Subpoena ............. 8-19
    [D]  Negotiate Limitations on Preservation and Production... 8-19
    [E]  Take Appropriate Steps to Lift Legal Holds
        Related to the Subpoena ....................................... 8-20
  § 8:5.2  Best Practices for Party Requesting Documents from a Third Party .................................................. 8-20
    [A]  Use a Court Order to Preserve Documents ............. 8-20
    [B]  Negotiate Scope of a Request Before It Is Served .... 8-20
    [C]  Draft Narrow Requests .................................... 8-20
    [D]  Negotiate Limitations on Preservation and Production... 8-21

Chapter 9  Regulatory and Government Investigations and Actions

Michael E. Lackey, Michelle N. Webster & Meytal McCoy

§ 9:1  Introduction ....................................................................... 9-1
§ 9:2  Preservation Obligations .................................................. 9-4
  § 9:2.1  Criminal Penalties As a Means of Enforcement ....... 9-6
  § 9:2.2  Record-Keeping Regulations As a Means of Enforcement .......................................................... 9-7
§ 9:3  Formulating a Preservation and Collection Plan ........... 9-11
§ 9:3.1 Planning to Respond to a Government Subpoena................................................................. 9-13
§ 9:3.2 Planning to Respond to a Second Request ...... 9-13
§ 9:4 Meet-and-Confer Process.......................................... 9-14
§ 9:5 Productions.................................................................. 9-15
§ 9:6 Lifting Legal Holds ....................................................... 9-16
§ 9:7 Development of a Discovery Protocol....................... 9-19
§ 9:8 Criminal Investigations .............................................. 9-19

Chapter 10 Managing Spoliation Claims and Defenses

B. Clayton McCraw, Michael Gill & Robert Entwisle

§ 10:1 Introduction.......................................................... 10-2
§ 10:2 Legal Standards..................................................... 10-4
§ 10:2.1 Court Authority to Impose Spoliation
Sanctions ....................................................................... 10-4
[B] Inherent Authority ............................................. 10-6
[C] Statutory Authority ........................................... 10-7
§ 10:2.2 Due Process Limitations ...................................... 10-9
§ 10:2.3 The Spoliation Standard ...................................... 10-10
[A] Culpability .......................................................... 10-12
[A][1] Willful or Bad Faith Spoliation....................... 10-12
[A][2] Negligent Spoliation ........................................ 10-12
[B] Prejudice ........................................................... 10-13
§ 10:3 Prosecution of Spoliation Claims ......................... 10-14
§ 10:3.1 Potential Impact of Spoliation Claims................. 10-14
[A] Tactical Effects .................................................. 10-14
[B] Spoliator’s Loss of Credibility ............................... 10-15
[C] Sanctions ............................................................ 10-17
[C][1] Monetary Sanctions ......................................... 10-17
[C][1][a] Fines ............................................................ 10-18

§ 10:4 Defending Spoliation Claims.............................. 10-38
§ 10:4.1 Scope of Preservation Obligation ................. 10-38
[A] Implementation of the Litigation Hold .......... 10-38
[B] Timing and Scope of the Litigation Hold ........ 10-40
[B][1] Audio Recordings ........................................... 10-40
[B][2] Metadata .................................................... 10-41
[B][3] Backup Tapes ............................................... 10-41
§ 10:4.2 Traps for the Unwary Litigator ..................... 10-42
[B] Automated Email Deletion .............................. 10-43
[C] Ephemeral Storage Issues .................................. 10-43
[D] “Control” over ESI .............................................. 10-45
§ 10:4.3 Proper Documentation ..................................... 10-46
§ 10:5 Expedited Access to Courts .......................... 10-47

Chapter 11     Electronic Discovery in Specific Areas of Practice
Sharon A. Israel & Kyle E. Friesen

§ 11:1 Introduction .......................................................... 11-2
§ 11:2 Accountants’ Liability ........................................... 11-3
§ 11:2.1 Nature of Discovery ............................................ 11-3
§ 11:2.2 Relevant Data Sources ....................................... 11-3
§ 11:2.3 Issues Regarding Preservation and Production .... 11-4
§ 11:3 Antitrust ................................................................. 11-5
§ 11:3.1 Nature of Discovery ............................................ 11-5
§ 11:3.2 Relevant Data Sources ....................................... 11-6
§ 11:3.3 Issues Regarding Preservation and Production .... 11-6
§ 11:4 Bankruptcy .............................................................. 11-7
§ 11:4.1 Nature of Discovery ............................................ 11-7
§ 11:4.2 Relevant Data Sources ....................................... 11-8
§ 11:4.3 Issues Regarding Preservation and Production .... 11-9
§ 11:5 Class Actions .......................................................... 11-11
§ 11:5.1 Nature of Discovery ............................................ 11-11
§ 11:5.2 Relevant Data Sources ....................................... 11-12
§ 11:5.3 Issues Regarding Preservation and Production .... 11-12
§ 11:6 Construction .......................................................... 11-13
§ 11:6.1 Nature of Discovery ............................................ 11-13
§ 11:6.2 Relevant Data Sources ....................................... 11-13
§ 11:6.3 Issues Regarding Preservation and Production .... 11-14
Chapter 12  Arbitration

Menachem Hasofer & Allison Stowell

§ 12:1  Introduction............................................................. 12-2
§ 12:2  Arbitral Institution Rules......................................... 12-2
Chapter 13 The Next Generation of ESI: Social Media, Web-Based Collaboration Applications, Cloud Computing, and Mobile Technologies

Michael E. Lackey, Ethan A. Hastert, Lori A. Zahalka & Richard E. Nowak

§ 13:1 Introduction

§ 13:2 Emerging Technologies at the Forefront of ESI

§ 13:2.1 Social Media and Video-Sharing Sites

§ 13:2.2 Web-Based Collaboration Applications

§ 13:2.3 Cloud Computing

§ 13:2.4 Mobile Technologies

§ 13:3 Emerging Technologies and Business Operations

§ 13:3.1 The Line Between Business and Personal Communications

§ 13:3.2 Evaluating the Business Need and Legal Implications

[A] Social Media

[B] Web-Based Collaboration Applications

[C] Cloud Computing

[D] Mobile Technologies

§ 13:3.3 Establishing Policies and Educating Employees

§ 13:3.4 Auditing Compliance and Reviewing Policies

§ 13:4 Emerging Technologies in Discovery

§ 13:4.1 Use of Data from Emerging Technologies in Litigation

[A] Electronic Communications Privacy Act

[B] Regulatory Guidance

§ 13:4.2 Applicable Statutes, Rules, and Regulations

[A] Electronic Communications Privacy Act

[B] Regulatory Guidance

§ 13:4.3 Possession, Custody, and Control

[A] Control of Data Hosted or Managed by Third Parties

[B] Shared Services and Affiliated Company Data

§ 13:4.4 Data Privacy

§ 13:4.5 Ethical Issues and Attorney-Client Privilege

[A] Factual Investigations

[B] Attorney-Client Privilege

§ 13:5 Best Practices for Managing Emerging Technologies in Discovery

§ 13:5.1 Develop Policies and Procedures Before Litigation Arises

§ 13:5.2 Consider Collection Options

§ 13:5.3 Negotiate with Third-Party Providers

§ 13:5.4 Consider Production Strategies
# Table of Contents

## Chapter 14  International Issues

*Menachem Hasofer, Mark C. Hilgard, Matthew Ingber, Ed Sautter & Elspeth V. Hansen*
